

What you will need:

- about 12m of 3mm Braided Cord (about 48m for the set of 4)
- 6mm crochet hook
- Sharp scissors

What will you be using:

- Magic ring
- Single crochet
- Slip stitch

Step 1

Start working on your crochet coaster by making a magic ring.

You can find the tutorial for the magic ring [here](#).

Step 2

Make the first single crochet.
You can find the tutorial [here](#).

Step 3

Make 8 single crochet stitches, then grab the shortest cord and pull the magic ring as tight as possible.

Step 4

By punching the crochet hook in the marked place, make a slip stitch.

You can find the tutorial [here](#).

Tip: It would be a good idea to put a marker here to know where is the beginning and end of the row .

Step 5

Insert the crochet hook in the marked place (under two loops) and make two single crochet stitches. Repeat for each loop.

Step 6

On the next round, we will make 2 single crochet stitches and 1 single crochet until we have worked the whole circle (2, 1).

Step 7

Work the last round by making 1 single crochet in each loop.

Step 8

When you finish the whole round, move on to making the petals of the flower coaster.

Make 3 single crochet stitches in the first loop, then make a slip stitch in the second loop, work all round this way.

Step 9

Make the last slip stitch.
Our coaster is almost ready!
Pull out the cord and turn it over.

Step 10

Hide the cord between loops and cut off any excess.

Congratulations!

Your Flower Coaster is ready!

Make the whole set of coasters for the spring season!

Show it proudly on your social media using **#bobbiny** and **#bobbinypattern** so we can see your work!
